Property Description

Situated in the hills of Platanillo on a 19 acre property is this spectacular ocean view executive home. At 1200 ft above sea level, the air is fresh and AC usage is optional. Designed and structurally engineered to the highest North American standards, this home incorporates fine luxury, security and functional design for an enjoyable living experience in your Costa Rica. Immaculate landscaping with attention to detail starts at the gated entrance to the property. A 200 ft driveway curves toward the house where there is a second gate. A professionally installed 6 foot chain link fence with block foundation encloses the entire living space of the house, pool and parking area providing security for your pets. The house has an inside area of 2000 sq. ft. and an outside covered area of 3000 sq. ft. The single story home is built with a large level footprint which means the entire living space, inside and outside has no steps.
