## Property Description

Beautiful Large Property located just up from El Rayo Hotel in the Ostional area. This large property has lush jungle and an excellent slow grade from the road that runs to the west and down into a small valley. The property is about a 5 min drive from the North side of Ostional beach the top of our local Refuge. Here you are also a quick 10 min drive or so to the beaches of San Juanillo with great snorkeling and local restaurants. This is a fantastic location surrounded by beautiful jungle and a short drive to both communities! For more information about this property contact [Brian@surfingnosara](mailto:Brian@surfingnosara) or swing by our office in downtown Playa Guiones near Cafe de Paris and Banco Popular.
