Property Description

Truly modern tropical masterpiece privately located in Atena's most secluded true gated community. This stunning contemporary construction features a spacious living room, informal dining area, two large bedrooms, two full bathrooms, spacious gourmet kitchen, and a laundry room. This custom-built home has ultra-high-end finishes magnificently accentuated with natural stones, high Laurel wooden ceilings, interior European style doors with thermal and sound insulation, electric blackout blinds for the master bedroom/bathroom windows, floor-to-ceiling glass doors and windows, and state-of-the-art kitchen with modern stainless steel appliances. The house features an open split bedroom concept to ensure full privacy. Master suite includes an open concept bathroom with shower room and sliding doors to the terrace and swimming pool. With an eye for detail, this house has been built with high luxury standards to ensure comfort at all times! Outdoor living continues with a lapping pool with solar heating system and an oversized roof terrace with breath-taking unobstructed views of the lush mountains.
