Property Description

Located in the peaceful, rural town of San Rafael, it is only 4 kilometers to the larger town of Paquera and about 20 minutes to pristine beaches. This home has recently been renovated by a master finishing carpenter who used local exotic hardwoods to create a masterwork home of a quality rarely found these days. The house is bright and cheery and opens to a large front patio and a large manicured lot in the front and back. The lot is over ¼ acre and a good distance from neighbors and the front road. This is a rural community of farmers and local woodworkers. It has zero nightlife and is not a haven for tourists or ex-pats. It is the Costa Rica country living of 50 years ago. There are 4 large bedrooms, a dining area and a nice living room plus comfortable social areas outside. The property sits on a ¼ acre lot and in a rural, low density area, bordered by fields, farms and country homes.
