## Property Description

This brand-new, one-bedroom home is very well-designed and built. It has a huge outside porch, a nice living room, a beautiful modern kitchen with all new appliances, granite counters in the kitchen and bathroom, and a bedroom overlooking a fantastic view, and all this comes with nearly perfect privacy. The property has ample space to either build additional bedroom(s) adding to the existing house, or you have space to add another house altogether. The back of the property looks up into the mountains above the Diamante Valley. The front of the property looks out over the valley toward the coastal mountains with the Rio Barucito rumbling below. With 2.4 acres, there is plenty of space for more fruit trees. The neighborhood is behind San Salvador de Tinamastes which is a small but tightly-knit community. There is a good mix of Ticos, organic farmers, rental properties, and tons of rivers and waterfalls.
